All the pages I've done so far on my fancy - TFA: CyL? - (Transformers animated: Can you live?) Love story(?) between Red Alert and Longarm.Edit: Adds more pages A andros27 è piaciuto Mostra più noteCarico ... The name or term Red Warning refers to more than one character or idea. For a list of other meanings, see Red Alert. Red Alert is an autobot of the animated continuity family. Hello, sister! Some want the Red Alert to be as delicate as her surgical abilities. But her enviable skill level was more than compensating for her humiliating triumph. After losing her left arm to Desepticon, she replaced it with a transliteration interlink apparatus that can scan patients and emit various instruments with solid light. Although she started at the top of the Protihex Medical Mechanical class, these days she served as a field medic under Rodimus Prime's command. It sounds exciting, but it just means he spends most of his time patching up his Hot Shot teammate. Fiction Cartoon Continuity Animated cartoon events from IDW publishing activity or fun book editions are in the curriculum on schedule. Voice actor: Tara Strong (English), Ricako Aikawa (Japanese), Adeline Read (French) Good News! It's a suppository. During the Great War, Red Alert developed a cure for Golden Plastic Syndrome. It's something she's known for. The AllSpark Almanac II millions of years later, long after the end of the war, Red Alert helped create the merger data that infused Desepton flying technology into the rehabilitated bodies of Jetstorm and Jeffire. First (and second) in Flight Later, she was seen alongside her fellow Autobots Ironhide, Brown, Hot Shot and Rodimus Prime near the Space Bridge Node fighting Decepticons. Her services were called to action when Hot Shot was hit by Strika - his leg was badly damaged and she told him he needed to be amputated despite his protests. It didn't help when she told Hot St that a new one would be delivered by cybertron service in 6 to 8 solar cycles. Before her leg was amputated, she was captured, swallowed, wrapped in explosives, and given up by Spittor. The investigation into the blast has removed all three of the assignments. I.e. this sports team! She is clearly improving because she was later seen in the crowd enjoying the Sentinel Prime when he paraded the captured desepticons of Cybertron. Decepton Earley, still, was seen applauding Optimus Prime and his crew as they returned to the planet after finally defeating Megatron. Endspil, Part II, along with the rest of his team, Red Alert attended convoy's show in Kaon. Stunti-Con Job's comic red alert Was among the heroic female transformers that appeared in one of the dreams of protect it from evil female transformers. Bonus Edition Vol. 11 Cool Cool Red Alert, under the command of Rodimus Prime, was part of a group of autobots who were confronting a Rock Lord when it was alleged that a creature was threatening the space bridge outpost. Although frightened and unable to believe that they would be able to bring down the creature, its analysis allows Rodymus to draw a conclusion as to where the creature's weak spot lies. Cool Extra #2 Spiel Swindle of Swindle, Swindle and Swindle claimed to be the only licenses to treat the golden plastic syndrome in the Nexus cluster. Swindle's Spiel, 3/10/2015 Shellformer Notes! Foreign names Japanese: Red Alert (保 Reddo Arâto) References in: Animated Autobots, Female Transformers, Medics Share The Name or Term Red Signal refers to more than one character or idea. For a list of other meanings, see Red Alert. Red Allarm, along with Ironhide, Hot Shot and Brown, is under the command of Rodimus Prime. Maybe she's the feminine without the tragic past that was mentioned. Fantastic Transformers animated comics Alloa Red Alert, along with Perceptor and Wicklake, helped create the first flying autobots, Jeffire and Jetstorm. It appears to be responsible for providing the code for merging the data. The arrival edition 6 transformers animated actor voice: Tara strong (English), Ricako Aikawa (Japanese) Hot Shot wants a second opinion. A red alert was present when Strika and her team attacked their own team. She told Hot Cull she had to amputate her severely injured leg, but she was swallowed up and turned into an explosive logan by Spittler. However, when Sentinel Prime and its crew returned to Saibertron with several deseptic captives in a tug, she was seen in the crowd greeting the Sentinel. Deseptic Air Later, She is happy for the capture of Megatron. Endspil, Part II Notes She seems to be wearing a hat that resembles an old timely nurse hat, which is appropriate given that she is a nurse.
